

APPLE CAKE

USES LOTS OF APPLES

OVEN 350—BUNDT PAN, GREASED

60 minutes or more

3\4 cup butter or margarine

1-1\2 cups sugar

2 large eggs

1-1\2 cups unbleached flour

3\4 teaspoon cinnamon

3\4 teaspoon baking soda

6 cups sliced, peeled tart apples

3\4 cups walnuts, chopped

Cream butter and sugar, add eggs.

Sift dry ingredients together and add to mixture. Stir in apples and nuts.

Mixture will be thick, as there is only enough batter to cover apples.

Bake for one hour or until toothpick inserted in the center comes out clean.
